Sir:

Applicants would like to thank the Examiner for the allowance of the subject application based on the distinctions enumerated in the "Statement of Reasons for Allowance". Applicants agree, without prejudice, that these distinctions provide sufficient basis for allowance of the application; however, Applicants respectfully submit that there may be alternative and/or additional patentable distinctions between the claimed invention and the cited prior art, related or unrelated to those explicitly addressed in the "Statement of Reasons for Allowance".

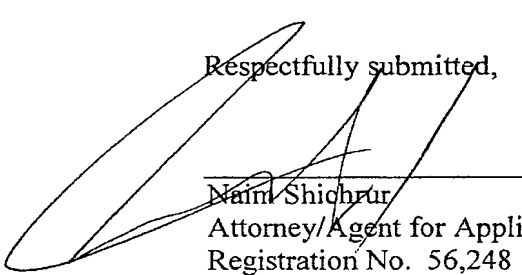

Furthermore, Applicants notice a typographical error in the "Statement of Reasons for Allowance". The sentence "a programmable convolver operably coupled to ~~an~~ output of the second filter" Should be replaced with "a programmable convolver operably coupled to an output of the second filter".
